CARING FOR ESTATE

Interests of Prevost Heirs in Hands of Administrator.

HANNIS TAYLOR APPOINTED

Action of Court in Proceedings for Collection of \$906,666.78

From Chile.

Letters of administration were issued today by authority of Justice Gould to Hannis Taylor, former minister to Span, on the estate of Stanhope Prevost, first American consul to Peru, who died in Taylor gave a bond of \$75,000. He was latterney for Prevest, the latter having sions in Chile were canceled by the government of that country fifty years agno longer be tolerated is the public and who since that time have been prose cuting a claim against the Chileans for \$906,666,76, which has just been settled He is now representing Mme, Prevost, daughter-in-law of the late consul, and

The purpose of the administrator is State Treasury as the share of the de-"Appeal will be made to members of ceased in the claim. The sum of \$7,000 is due him as a fee in the case

Disposition of Fund

Mr. Taylor tells the court that after his claim and others pending here against the fund is settled the balance will have to be forwarded, in his opinion, to Peru for adjudication of atives in Congress would be in a position claims of residents of that country, where it is expected that another administrator will be named. Attorneys Baker and Hogan appear for the administrator, who says he has pow-Mr. Claffin is of the opinion that "Con- ers of attorney from all the persons in-

SITE FOR BIBLE CLUBHOUSE.

Accommodate 5,000 Students. PHILADELPHIA, August 28.-A. J

Drexel Biddle is seeking a site for a permanent clubhouse for his Bible classes. A building to accommodate about 5,000 students will be erected More than 3,000 students already are enrolled. As soon as he has obtained a site for a clubhouse here Mr. Biddle intends to establish similar headquarters for his classes in Providence, R. I.

FRANCE LAGS FAR BEHIND.

United States Leading in Production of Automobiles. NEW YORK, August 28.-The thousands

of automobiles produced annually by individual makers in this country must seem fantastically impossible to the Frenchman who has a chance to find out how many cars are produced in the factories of his native land, once the leader of the automobile industry of the world. A statistical expert here figures that the twenty-seven leading French makers pro-Echo, Md., was stricken with apoplexy duced a total of less than 26,000 cars in while in the street railway station at 1911.
